Introduction

Nexus Fintrade International Ltd (“Nexus,” “us,” “we,” or “our”) uses cookies and similar tracking technologies to help operate www.nexusfintrade.com (the “Site”) and to personalize your online experience. This Cookie Policy explains what cookies are, how we use them, how third-party partners we work with may use cookies on the Site, your choices regarding cookies, and where to find more information. We are committed to giving you the tools and information you need to control your cookies.

By accessing or continuing to use the Site, you consent to our use of cookies as described in this Cookie Policy, except where we are required by applicable law to obtain your prior consent for specific categories of cookies (see “Types of Cookies” below).

We may update this Cookie Policy from time to time, for any reason. We will indicate any changes by updating the “Last Updated” date above. Any changes will take effect immediately once the updated Cookie Policy is posted on the Site. You are encouraged to review this Cookie Policy periodically to stay informed of any updates; your continued use of the Site after a revised Cookie Policy is posted constitutes your acceptance of the changes.

Capitalized terms used but not defined in this Cookie Policy have the meaning given to them in our Terms of Business and Privacy Policy. This Cookie Policy should be read together with our Privacy Policy, which is governed by the Mauritius Data Protection Act 2017 and sets out in full how we collect, use, and protect your personal data.

What Are Cookies?

A cookie is a small text file, pixel, or tag placed on your device by a web page server when you visit a website. Cookies cannot run programs or deliver viruses to your device. A cookie is uniquely assigned to you and can typically only be read by the web server in the domain that issued it to you.

One of the primary purposes of cookies is convenience — they tell a web server that you have returned to a specific page. For example, if you register with Nexus or personalize your experience on the Site, a cookie helps us recognize your device on subsequent visits, so information you previously provided (such as your login state or preferences) does not need to be re-entered every time.

You can choose to accept or decline cookies. Most web browsers accept cookies automatically, but you can usually modify your browser settings to decline some or all cookies if you prefer. If you choose to

decline certain cookies, you may not be able to use all interactive features of the Site or our trading platform.

Types of Cookies We Use

The categories of cookies we use on the Site are described below:

1. Necessary Cookies

These cookies are essential for the core operation of the Site, allowing you to move around it and use its features, including logging into your trading account. We do not require your consent to use these cookies, although you may be able to block them yourself via your browser or device settings.

Without these cookies, the Site is unlikely to work as intended, and certain services you request — such as signing into your account — cannot be provided. Where we process personal data through these cookies, we do so on the basis of our legitimate interest in operating and securing the Site.

2. Preference Cookies

These cookies allow us and our partners to personalize and offer content and features by remembering your preferences — for example, language, region, and display settings. Some preference cookies remember your login details, such as a “keep me logged in” option that stores your session information until you log out. Because these cookies can involve storing personal information, we seek your consent before placing them, in line with applicable regulatory guidance.

3. Analytical (Performance) Cookies

These cookies allow us and our analytics partners to understand how visitors arrive at and navigate the Site, measure visitor numbers, and analyze how the Site and trading platform are used. This helps us improve functionality and performance. Where this information is anonymized, these cookies may not require consent; where the data collected could identify you, we seek your consent in accordance with applicable regulatory guidance.

4. Marketing Cookies

These cookies allow us to deliver relevant content to visitors on third-party websites and to measure the performance of our marketing campaigns. We follow industry best practice in our use of marketing cookies, and their use requires your consent in accordance with applicable regulatory guidance.

5. Third-Party Cookies

In addition to cookies we set ourselves, we may permit selected third parties to place cookies on your device via the Site to report usage statistics and to deliver advertising, social media, and marketing services on our behalf. We do not control these third-party cookies directly; please refer to the relevant third party's own cookie or privacy policy for further information.

How Can You Manage Cookies?

When you visit the Site, you may be presented with a cookie banner allowing you to accept or decline non-essential categories of cookies. You can change your preferences at any time through your browser settings or, where available, through the cookie preference center on the Site.

Most web browsers allow cookies by default, but you can typically change your browser settings to reject some or all cookies. Visit www.aboutcookies.org to learn more about how to block, delete, and manage cookies across different browsers. Please note that if you decline certain cookies, you may not be able to use the Site or our trading services to their full potential.

Contact Us

For more detail on how we collect, use, and protect your personal data, please refer to our Privacy Policy. If you have any questions about this Cookie Policy, please contact us at **support@nexusfintrade.com**
